

# First Priority

## March News Letter

### Cherokee Trail:

I gave the gospel at CTHS on Wednesday morning and 7 students gave their lives to Christ!!! The leaders at CTHS are really starting to catch our vision and it is spreading to the rest of the students. Their club has tripled in size in a month!!! Praise God!!

### Smoky Hill:

As we get the cycle started at SHHS I have been trying a merge of sorts (with Fellowship of Christian Athletes), so that we could give a gospel message at FCA once a month!! Dave the campus coach for SHHS spoke at the FCA club on Friday and 3 students gave their lives to Christ!!

### Eaglecrest:

Has 4 seniors that have taken hold of their club and are leading students on campus to Christ! I have been encouraging the seniors to start mentoring some younger students, so that when they graduate this year we will have new leaders groomed and ready.

### Rangeview:

They had their seek week on Friday and Josh Story gave the gospel. I have not heard how many students accepted Christ yet. As soon as I find out I'll give you the good news. They have tripled in size since my last news letter!! Praise God.

### Grandview:

I am going to speak at Fellowship Community Church and tell their students about First Priority. Most of the students there go to Grandview! God has opened yet another door for me to walk in. Jared the youth pastor at Fellowship thinks his students can lead the club and are willing to do it!!!

### Prayer:

Please continue to pray for all of our students as they walk in faith and invite their friends to come and hear the gospel.

Also pray for our middle schools. We are at a stand still with the principals at these schools. We have had 4 groups of students go to the principal and ask to start clubs on campus and all of them have said the same thing. "They are sending a letter to the C.C. school board to ask for permission" but nothing has happened since. I am praying about starting the middle school clubs in homes near the schools.
